## REPORT OF FIRE DEPARTMENT

---

The appropriation of last town meeting to cover the purchase of a portable pump and some hose, has had far reaching results.

A good number of civic minded men of the town have organized a fire department and are showing every evidence of having one of the best departments in the area in the near future.

Using the portable pump as a nucleus they, through the generosity of G. C. Minot obtained a pickup truck which was entirely rebuilt by Roscoe Olney and Arthur Minot, each spending more than 100 hours on the project ably assisted by Albert Lamarre, Vale Badger, Bill Houston and many others. Not satisfied with this they formed a department with Roscoe Olney as Chief, Arthur S. Minot, Assistant Chief, Albert Lamarre, Engineer, Holman Whitney, Treasurer, and Vale Badger, Secretary. Financing themselves through a very successful Turkey Supper and some donations, they bought a Boyer Pumping engine capable of putting out 500 gallons per minute. This too has been entirely overhauled and is ready for action, only being limited by an inadequate supply of 2½ inch hose.

The town can be justly appreciative of these men who have given their time and energies to an important cause.

Along with the above mentioned men the following have been of great assistance: Jasper Ide, Elwin Clough, Harry Poor, Lawrence Chase, Linwood Tewksbury, John Poor, Harry Whitcomb, Arthur Burt, John Whitney and many others who helped in converting

the unused Town Hall cellar into an acceptable Fire House.

### 1957-1958

The resignation of both Miss White and Mrs. Bowles, late in the summer of 1957, caused two vacancies in the teaching staff of the Bath School. We were fortunate to fill each vacancy before the September opening of school.

Mrs. Agnes Andross of Lisbon was employed as Principal and teacher of the pupils in the upper grades. Mrs. Andross holds a B. Ed. degree from Plymouth Teachers College and is an experienced teacher.

The primary room vacancy was filled by Mrs. Thelma Whitcher of South Ryegate, Vermont, who is a graduate of Lyndon Teachers College and holds a B. S. in Ed. degree from that institution. She also is a teacher with several years of experience.

The resignation in June of Mrs. Danforth precipitated the closing of the Swiftwater school. The school board, in so doing, is to be commended for taking this step of improving the educational opportunities for the few pupils who attended the school. Not only was this action beneficial to the pupils but also economically favorable to the district.

Under the present New Hampshire Building Aid law, whereby a school district may receive 30% of its payment of principal on an approved bond issue, or 50% if in a cooperative school system, it is of utmost importance that the educational opportunities of Bath be seriously considered insofar as the possibility of build-

ing expansion is concerned, or the forming of a co-operative school district with neighboring communities for improved offerings for grades seven and eight or seven through twelve. When a district may obtain up to 50% of the principal payment of its building cost, it seems economically sound to avail the district of such an opportunity.

The current magazine and paper articles, as well as the programs on radio and television, stressing the importance of advanced courses in science and mathematics are matters of which educators have been conscious for the past decade, as has been shown by the giving of tests and by the compiling of statistics in our New Hampshire schools by the State Department of Education. The results of these have shown conclusively that the larger secondary schools—having enrollments of 350-500 pupils—have more efficiently met these scholastic challenges than can possibly be accomplished by the small high school.

The solution for our rural districts is consolidation. Your superintendent of schools has recommended this procedure of improving instructional opportunities for the past eight years. Much has been accomplished at the elementary level, but our actual accomplishments at the secondary level lag at least 25 years behind the best recommended practices attained by larger systems.

Appreciation is again expressed for the continued support of the citizens of the community, the constructive policies of the school board, and the initiative and loyalty of the teaching staff and other school personnel.

The report of our school nurse, Mrs. LaMott, follows.

Respectfully submitted,

PHIL A. BENNETT,  
Superintendent of Schools

## REPORT OF SCHOOL NURSE

Number of pupils examined 88

Symptoms of Defects		Corrections	
Vision	9		8
Teeth	49		35
Tonsils	6		
Scalp	1		1
Speech	1		1

### Communicable Diseases reported:

Pediculosis	1	School Visits	40
		Home Visits	42

Routine vision and hearing screening tests were completed. When symptoms of defects were found, written notices were sent to parents and follow-up home visits were made.

A Well Child Conference was held in the Town Hall February 14 and March 14. Nine children received immunization for tetanus, diphtheria, and whooping cough.

One pupil attended the Child Guidance Clinic held in Littleton October 11, 1956.

There were several polio clinics during the year. Thirty-five pupils completed their third polio inoculation. Two pupils received their 1st and 2nd polio inoculations. The polio clinics were conducted by Mrs. Loretta Russell, R.N., Public Health Nurse, for the State Department of Health.

In March, a Fluorine Clinic was held with all children in grades 1 through 6 given an opportunity to participate. The State Department of Health, Bureau of Dental Services, furnished the services of a dental hygienist, the equipment, all materials used, and special films and literature. Board and room for the hygien-

ist was sponsored by the local school district. The Fluorine program consisted of:

1. Examination and cleaning of pupils' teeth.
2. Four applications of the Fluorine to the teeth.
3. Special classroom instruction in proper dental care.

Forty-five pupils from the Bath village and Swift-water schools attended these clinics.

The metal index file was purchased for our health records. This is a folding file which holds all of the pupil health cards for the Bath School District.

In November, 1956, I had an opportunity to attend The American School Health Association Convention in Atlantic City, New Jersey. There were five school nurses present from New Hampshire. We enjoyed the meetings and exhibits which we visited. It was very interesting to meet the experts from all parts of the United States and to hear what they are doing in their various school health programs.

I want to thank Mr. Bennett, the teachers, pupils, and parents for their kind cooperation in the School Health Program.

Respectfully submitted,

MURIEL LaMOTT, R.N.  
School Nurse
